SKILLS SUMMARY

- Programming knowledge
- Analysis capacity
- Projects management
- Communication
- Organization
- Teamwork

AWARDS RECEIVED

IFEST 2019 Winner

Startup School 2015 Winner

PERSONAL PROFILE

I am a computer engineering student, in the absence of only the Final Degree Project to finish, specialized in Computing.

PROFESSIONAL SKILLS

- Specialized in Computing (trained to choose the most suitable programming languages and algorithmic methods to design a computing solution).
- Knowledge and experience, among others, in the following languages:
 - Python
 - Java
 - C++ y C#
 - HTML5 y CSS3
- Highly motivated in learning any new programming language and in applying my knowledge in new projects.

ACADEMIC RECORD

Universidad Politécnica de Catalunya

Degree in Computer Engineering | September 2017 - January 2022

- Specialized in Computing
- Knowledge of Machine Learning, AI, Administration of Operating Systems, Information Security, etc.

Santa Teresa de Lisieux

Bachelor's degree | September 2015 - June 2017

- Average: 8.7 in high school - 11.88 in Selectividad

English B2.2

Universitat Oberta de Catalunya | September 2020 - February 2021

- Average: 8.3
